CRA STEWARD

2

GARDEN ASSOCIATION

(They provide the land, the fencing, the water supply, you name it, and you know they protect the ecosystem.)

Pain point: Legal identity and scope crisis

Organizations require clarity on whether they qualify as Stewards. Learn how to adapt current practices and documentation to meet compliance requirements.

THE LINUX FOUNDATION CRA STEWARDS PLAYBOOK

As upstream contributors, you have no obligations under the CRA.

1

CRA MAINTAINER

HOBBY GARDENER

Pain point: Regulatory panic and liability confusion

Volunteers fear personal legal or financial liability under the CRA for code they publish for free. (aka tomatoes)

3

CRA MANUFACTURER

FARM-TO-TABLE BUILDER

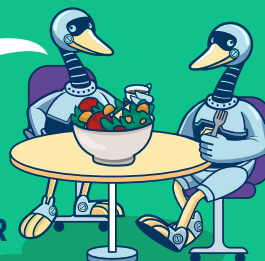

Pain point: Private fork trap

Hiding code in private forks creates costly engineering debt and increases due diligence risk.
