

THE LINUX FOUNDATION

THE OPEN SOURCE SECURITY FOUNDATION (OPENSSE) Participation Agreement

Thank you for your interest in joining the Open Source Security Foundation (the “OpenSSF” or, alternatively, the “Directed Fund”), a project of The Linux Foundation (the “LF”). The mission of the OpenSSF is to inspire and enable the community to secure the open source software we all depend on, including development, testing, fundraising, infrastructure, and support initiatives driven by Working Groups and Projects (each a “Technical Initiative”). The governance for the OpenSSF will operate pursuant to the OpenSSF Charter (the “Charter”), set forth as Exhibit B, and as amended in the future by the OpenSSF’s Governing Board with the approval of the LF. **Please note** that you must be a member of the LF to be eligible to participate as a member of the OpenSSF. For further information, visit the Corporate Membership page at the LF web site.

Participants will enjoy the privileges and undertake the obligations described in the Charter and will comply with all such policies as the LF Board of Directors and/or the OpenSSF’s Governing Board may from time to time adopt with notice to members. The LF reserves the right to refuse any Participation Agreement submitted by a member who has a payment obligations outstanding to the LF or to any other LF project directed funds. Technical oversight governance for any Technical Initiative is set forth in the applicable charter for each such Technical Initiative

Please have this Participation Agreement (the “Agreement”) executed by an authorized representative of the member company named below (“Member”). Participants may use our electronic signature process or email a signed copy in PDF form to membership@linuxfoundation.org. A countersigned copy will be returned to you by email for your records when your eligibility for membership has been confirmed and an invoice will be emailed to you if any payment of applicable membership fees is required. Note that this is not an indication of interest; execution of this Agreement creates an irrevocable, binding obligation for the member company to make the payments provided for and to otherwise perform in accordance with its terms.

Contact Information

If you are an existing LF Member, all legal, billing and financial notices from the LF relating to your participation will be sent to the individuals already on file with the LF under those categories unless you designate a different individual in Exhibit A.

Membership Terms

Membership will begin on acceptance as a member and the initial membership term will continue until the first anniversary of membership. At the first anniversary of membership, if membership is not canceled at least thirty days prior to the first anniversary of membership, the second membership term will be prorated for the remainder of that calendar year (a “stub period”), bringing the membership term inline with a calendar year cycle starting at the first anniversary of membership.

Agreements completed and accepted before the 15th of the month will begin the membership term as if active on the first day of the month of signature. Agreements signed on or after the 15th of the month will begin the membership term as if active on the 1st day of the following month. For all levels of membership, an initial full year’s payment of fees is due upon receipt and acceptance of an executed membership agreement and payable within thirty days of the date of invoice from the LF. We reserve the

right to refuse your Participation Agreement if you have outstanding obligations to the LF or any other LF projects. In no event will fees be refunded, upon a Member's resignation or otherwise.

In calculating the appropriate annual fee for General membership (see Exhibit C), please indicate your current consolidated employee headcount in the membership level selected. Solely for purposes of calculating fees, Consolidated Employees include all employees of Related Companies (as defined in the Charter), which include any direct and indirect parent companies, and all sister and subsidiary entities. Employees do not include third party contractors. For General Members, at the first anniversary of membership, if membership is not canceled at least thirty days prior to the first anniversary of membership, a prorated amount of fees for the remainder of that calendar year will be assessed (and membership will proceed on a calendar-year based renewal cycle thereafter).

Each Member acknowledges that the LF and other members of the OpenSSF depend upon reliable renewal information to budget effectively, and that the LF's ability to provide services to the OpenSSF would suffer in the event of nonpayment of your membership fees. Each Member acknowledges The Linux Foundation's Good Standing Policy, available at <https://www.linuxfoundation.org/good-standing-policy>.

Notice of any increase in participation fees for the following calendar year will be given on or before October 15 in the current calendar year. Member's participation for each calendar year and any stub period, and its obligation to pay participation fees for the following calendar year or stub period, as applicable, will renew annually for successive one-year terms, unless the applicant delivers written notice of non-renewal to the LF on or before December 1 of the current membership year.
